CONVENIAMUS 1973
PARKLAND COLLEGE
Champaign, Illinois

To the multitudes who have gone before us,
driving endless miles searching timeless ages
to find parking places and paying innumerable
parking tickets . . . this yearbook is in your
memory.

THE STORE-FRONT CAMPUS

Parkland College was opened in 1967. Starting with college classes in local churches and rented auditoriums, Parkland has grown to one of the most diversified Junior colleges in the nation. From Food Distribution to Radiology—from Recreation Leadership to Micro-precision, Parkland now has a wide choice of fields.

The school, our school has come of age . . . The new campus that will first open its doors next fall is but one of many signs of Parklands growth. This year over 4000 students entered the rented doors of Parkland, more than 3 times the number that enrolled the first year. Still with all that we have done, Parkland remains a school of the future. We look forward to our new campus surrounded by a future park filled with future students. Yet there remains with us the knowledge that in our sojourn here we have helped form that future.

ABOVE RIGHT: A student entering English class in the Episcopal Church. ABOVE: Walgreen's located right in the middle of campus.

TOP LEFT: The University Avenue Annex. MID LEFT: The best way to get to the LRC, the alley beside Walgreens. ABOVE: Some Parkland students eating lunch at Grants, situated perfectly for between class snacks. LEFT: Parklanders wait for the walk light in front of the LRC.

...WITH FOLDING CHAIRS

RIGHT: Chemistry lab, BELOW: Geography, BOTTOM: Methodist church.

TOP: Edgebrook, RIGHT: PLATO, ABOVE: Gregory School.

...YET DIVERSIFIED

Parkland College, while limited by its temporary campus facilities, has grown to be one of the most diversified Junior Colleges in the nation. Such programs as Watch Repair, Recreation Leadership, Radiologic Technology, and Biology are what makes Parkland. The graduates from these and other programs will no doubt join in saying that in spite of the folding chairs the education was well worth the trouble.

RIGHT: Agriculture Production, BELOW: Nursing.

TOP RIGHT: Biology; ABOVE: Micro-precision Technology;
LEFT: Data Processing.

...AND NOW...

And now as we contemplate the future, both as graduates and returning students, we face a new world filled with both ideals like those of the new campus' ultra modern design, as well as the remains left in the wake of those before us who, in meeting their dreams, laid the foundation for ours. It is now our task to take the resources left in our hands to weld with knowledge and love the world we inherit into a world where mankind can live as men in harmony with God and His nature. Let us look back with fondness on the days spent in Parkland's Storefront Campus, yet without letting our eyes one moment leave the tasks that wait before us.

William M. Staerkel
President of Parkland College

As Parkland students in 1972-1973, you were the last to occupy the old "storefront" campus. In many respects you were pioneers, enduring the many inconveniences of inadequate facilities with fortitude and a praiseworthy sense of humor. What you did was important, for it helped shape the character and purpose of Parkland College. Certainly, we will look back on those formative years with nostalgia and with a great deal of appreciation.

And now for the future! In the 1971 yearbook the editor of *Conveniamus* penned the following message:

"Now in the far reaches of west
Champaign, we can see a magnificent
structure being constructed. The new
campus should house some of the finest
facilities known to any junior college.
It will bring students even closer together
than they are now and surely a great
school spirit and pride shall arise."

Already that kindling of spirit and pride is being felt as we prepare to move to our new campus. With that move we will have the means to build Parkland into one of the Nation's most outstanding colleges.

STUDENT LIFE

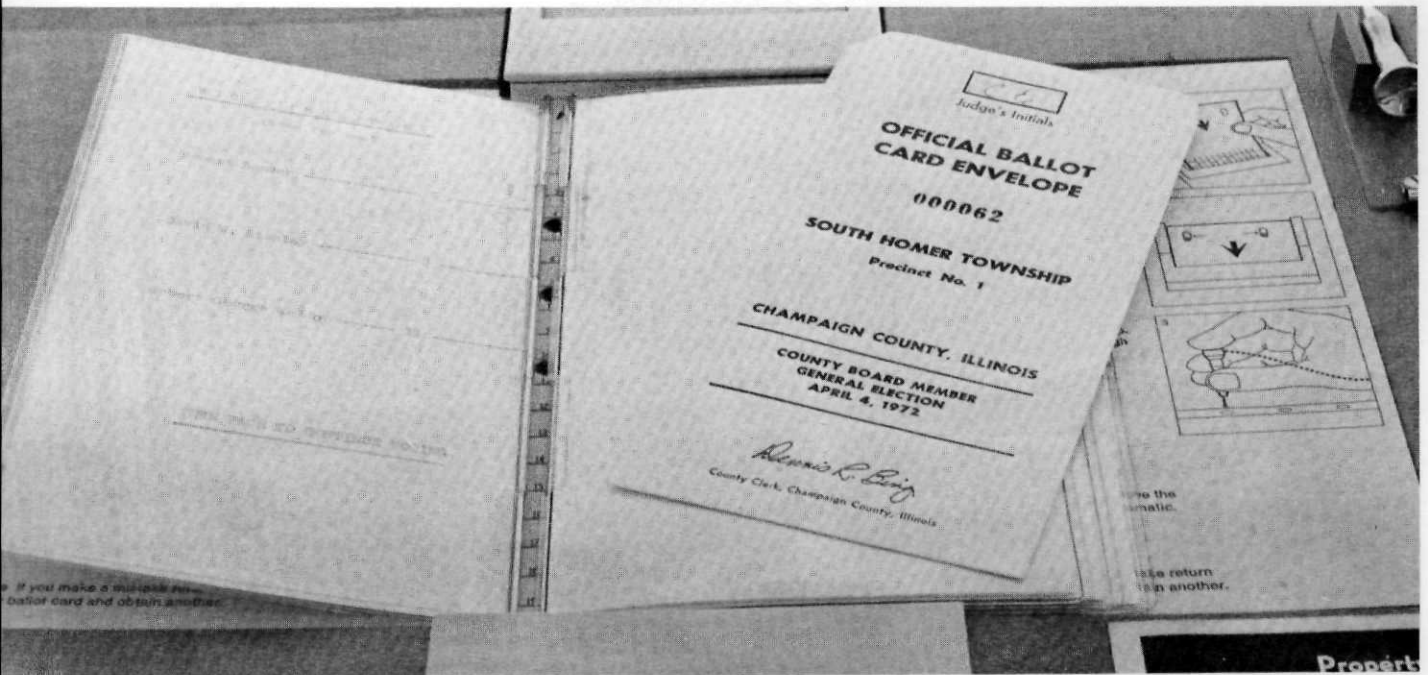

IT ALL STARTED...

It all started with registration, that is if you didn't register by mail. The lines and waits were not as long this year, but to many Parkland students the first encounter with College consisted of waiting in line and being told to follow the blue arrows on the floor.

POLITICAL

Every Quarter at Parkland sees an election, the elected positions are staggered to allow for fresh blood. Elections magnify apathy. This year a run-off was needed when two candidates tied for Organizations Senator—with one vote each. They were both quoted as saying, "If only I had voted for myself I'd have won!"

SPEAKERS

1972, The year Nixon got re-elected, in order to reduce the apathy that plainly infected a majority of the students, Parkland invited several important candidates to speak to all who cared to listen. Among those brave enough to face the sometimes cutting questions of P. C. students were Mr. Pisciotte, Mr. Johnson, and Mr. Hirschfeld. There were few standing room only crowds, but those that cared to, had the opportunity to listen to the biggies.

PROSPECTUS

PROSPECTUS, the school newspaper, was edited by Bob Waldon who was assisted by Jane Gothard. Dave Stanley sold the ads and a bunch of students contributed. Mr. LaVerne McFadden was the advisor.

DEBATE TEAM

A man reminiscent of times gone by after seeing a game of professional football, stated that at one time it was thought manly to engage in a higher combat, that of two minds finely tuned and sharp as a sword engaged in debate over matters of importance. This year Parkland fielded its first debate team. This year a few young students had the opportunity to hone the edges of their minds, with doubtless benefit to themselves. It is our hope that the Debate team will become a tradition of Parkland.

Left: Tim Brenner and Paul Walker Below: Sandy Ager and Dave Lewis with coach Charles Newman.

FOR ENTERTAINMENT

Student Government sponsors entertainment each year. This year there were several bands as well as movies each Tuesday and Thursday.

THE SPICE

STUDENT CENTER

The Student Center was a place where weary students could gather for a game of cards or chess, or just sit and listen to the piped in sounds of WPGU. It is even noted that through the smoke and litter a student or two was even seen studying.

**SWEETHEART
QUEEN
VICKI
ALFANO**

FUN-FOOD

During the homecoming dance, the students enjoyed a variety of fun food. The food was served in the gymnasium and was very popular. The students enjoyed the food and the dance. The homecoming dance was a great success.

AWARDS BANQUET

FUN-FOOD

Every year in May, Parkland honors the students that in any conceivable way have helped or bettered the school through work in clubs, publications, and sports. Again this year Parkland students overran the Redwood Inn of Rantoul, with Cyndi Eng (Student Government President) presiding and the athletes showing how they have sent more than one smorgasbord into the red. This year live music was provided by a combo made up of Parkland students, and with top hats and fancy dress everyone set out to watch and honor and enjoy the evening set aside for them.

SPECIAL AWARDS

Jewel Smeltzer accepts her Wall Street Journal Award from Don Moran of Business Administration

Dorothy Rhodes the recipient of the Illinois Business Education Association \$500 Scholarship receives it from Shirley Clawsen

Mrs. Stellhorn Congratulates the AAU Scholarship Winners Norma Merriweather and Louise Douglas

Darrell Lookingbill and Ruth Copher the Student Achievement Award Winners

Nancy Walker receives her Faculty wives Scholarship from Mrs. Marlowe.

James Clayton of Preparedness presents Marie Adams, Georgia Johnson, and Cleo Fifer their scholastic awards

Craig Gocken winner of \$200 Grain Dealers Scholarship

Ed Larson getting the Joe Stock's Award from Mrs. Joe Stocks

1973

SPORTS

HARRIERS 2ND IN ILLINOIS

The 1972 Harriers won the 1st meet ever for a Cobra X-country team at the Cougar Invitational. At the multi-state Blackhawk Invitational, Parkland finished second in a strong field. The high point of the season was the Region IV National Qualifying Meet where Parkland took second place in the meet that featured all the Ju. Co. Cross Country teams in Illinois. 2nd place qualified P.C. for National Championships where the Cobras placed 25th.

OPPOSITE PAGE TOP: Wayne Angel sprints past an opponent near the finish line. OPPOSITE PAGE BOTTOM: The team after National Championships L. to R. Frank Flores 22nd at Nationals, 1st at Region IV; Hal Metz; Sverre Falk-Peterson, Joe Earle 5th at Region IV, Wayne Angel. LEFT: The trophy for 2nd place at Region IV.

16-10, BEST YET

The 1972-73 Basketball team was the best yet in Parkland's short history. Rebounding and sharpshooting were the trademarks of the quick Cobra Cagers. Top rebounder Bob Jackson was picked on the 3rd team All-State Squad, as the Ken Pritchett coached team won 16 of 26 games.

GRAPPLERS

Wrestling is a sport of stamina, of desire, and hard work. Sweaty workouts argued by lonely runs to lose the few pounds to make weight, face the grappler. Diets and more hard work, it seems the only pleasures come when at last the wrestler steps on the mat to face his opponent. This year many of those who started never finished the season, but those who did gained much from their toils.

...WORK HARD!

P.C. 9th INDOORS

The 1973 Season marked the first year that Indoor Track became official. Parkland made good use of the added season by placing 9th in the 1st Annual National Indoor Track Meet. Wayne Angel led the team by anchoring the Cobra 2-Mile relay to 2nd place as well as taking 2nd in the 600 yard dash himself.

THINCLADS

Track is competing against oneself, the clock and at times an opponent. It is a sport where one must get from within the energy and desire needed to win, to set a new record, or just to do your best. Parkland was privileged this year to have as

an assistant coach one of the finest runners in America. Lee LaBadie, the 1st Big Ten Miler to ever break 4 minutes, was the force that brought out the desire and courage needed to make our runners great.

BOTTOM LEFT: John Malloy begins a quick 440. BOTTOM RIGHT: Asst. Coach Lee LaBadie. BELOW: After a race, the grass feels so nice

CHEERLEADERS

The cheerleaders this year worked hard, cheered hard—and had fun. They are: Kim Bodkins, Gayla Fiedler, Julie Bridges, Karol Austin, Terry McCulley, Kay Hawthorne, and Mercy Zarbusk.

ABOVE RIGHT: The Squad. ABOVE: Gayla Fiedler leads a cheer during a time out. RIGHT: Julie Bridges doesn't let a broken foot slow her down.

I. M.

Thanks to Bob Abbuehl Parkland has an exciting Intramural Program. Included in the program are Men's Flag Football, Basketball, Softball, Women's Flag Football, Co-Rec Softball, and Volleyball. Besides these events there were free swim times provided by the Intramural department, and a Freethrow and One-on-One Basketball championships, as well as use of the Gym during open times.

Make the most out of your next two years by taking Army ROTC courses. They provide you with the training, experience and maturity you will need to secure the type of job befitting a college graduate.

When you join Army ROTC you receive \$100.00 per month for ten months of the year. The two summer camps which you attend are both rewarding and you receive roughly \$500.00 for each. If you desire you may take a course in flight instruction and graduate as a pilot. You have the option of serving either three months or two years depending upon your grades and desires. Once you are commissioned there are many branches in which you may complete your active duty obligation.

While in school there are many scholarships which you may compete for. They pay for tuition, fees and books. The State of Illinois has many scholarships available to the ROTC student and you are eligible for these also. If you are planning on continuing your education at a medical or law school the Army ROTC has programs for you, many of which will pay for the entire costs of the school.

For more details of the Army ROTC Two Year Program contact your nearest Professor of Military Science.

JUDI

Judi Koeberlein, she's the lady who smiles when you tell her you need 2300 copies of a letter, plus envelopes. She is the one who listens to every kind of gripe, does every job and holds together the often times shaky organizations that make up Student Activities. Our thanks go out to Judi, both for what she has done to make this Yearbook, and to make Student Activities a success, and we are sure that every student that has had a problem answered will join also in saying, Thanks Judi!"

MR.KARCH

Richard Karch, Assistant Dean of Student Activities, always busy, always helping, constantly caring. Parkland College is fortunate to have Mr. Karch in charge of student activities. His foresight and ingenuity coupled with his genuine concern for student well being are all appreciated.
